# OUR STORY

**For over 50 years, Garran has provided high quality lockers and changing room solutions. From our UK manufacturing facility, Garran designs, manufactures, and installs high-quality locker and workspace furniture solutions. As one of the UK's largest locker, storage and workspace manufacturers, we supply all industry sectors, including Retail, Leisure, Education, Office, Emergency Services and Healthcare.**

Our UK facility exceeds 40,000 square feet supporting our capabilities to design from initial product conception through to completion of a unique tailor-made solution.

Our expertise in the latest technologies and processes enables us to provide you with the latest on-trend products.

All supported by our team of industry experts and exceptional customer service team, ensuring we help you create your perfect space.

# EDUCATION

Primary | Secondary | Higher Education

# MANCHESTER MUNICIPAL UNIVERSITY

Having previously supplied custom lockers for the MMU Institute of Sport, Garran was approached by the main contractor, Bowmer & Kirkland, to provide locker solutions for the £65 million project. This project involved replacing the existing John Dalton West building with a new state-of-the-art Science and Engineering building and refurbishing the remaining Dalton building.

## CASE STUDY

This project highlights Garran's capability to deliver complex, customised locker solutions within stringent timelines and challenging conditions. The collaboration with Bowmer & Kirkland and meticulous planning ensured the successful completion of the locker installations, providing functional and aesthetically pleasing solutions for MMU's new state-of-the-art Science and Engineering building. This case study underscores the importance of flexibility, strategic planning, and strong partnerships in delivering successful large-scale projects.

# LITHERLAND HIGH SCHOOL

**Garran Lockers was approached to design, manufacture and install over 120 bespoke lockers based on our Premier locker range and a selection of products from our cloakroom range including, double sided cloakroom units, benches and hookboards.**

## CASE STUDY

For the main corridor and changing room areas, we provided 4-tier sloping top lockers with brightly coloured solid grade laminate doors each fitted with either our 4-digit combination or hasp and staple locking systems.

To compliment the lockers in the changing room areas we provided double sided cloakroom units, benches and hook boards from our cloakroom range, all finished in a bright yellow solid grade laminate to match the adjacent lockers.

# EDUCATION PRODUCT COLLECTION

The right products for the right environments.

## CLASSIC

Steel carcase / steel doors. Various sizes and door quantities

## PREMIER LOCKERS

Steel carcase / SGL doors Various sizes, door quantities and lock options

## WALL MOUNTED MOBILE PHONE LOCKERS

Wall mounted unit. Sloping top as standard

## TITAN + TITAN PLUS

Titan 1.2 gauge, Titan Plus 1.5 gauge with strengthened pillars

## PORTABLE CHARGING LOCKERS

3 Pin socket and 2No. USB Charging ports

## CHARGING LOCKERS

Steel Carcass / Steel Doors

## EXTERNAL STEEL LOCKERS

Designed to withstand the elements

## SUPREME

## ZETA

Industrial style Classic lockers with feature vents

## MODE SMART LOCKERS

Operating modes: free, personal or time limited

## CLOAKROOM RANGE

Locker stands, stand seating, benches, single and double sided cloakroom units and hook boards

# EMERGENCY SERVICES

MOD | Police | Ambulance | Fire & Rescue

# NORTH WALES POLICE

The Caernarfon Police Station embarked on a refurbishment scheme aimed at improving the locker facilities for its staff. The project involved creating new areas for both male and female locker rooms, as well as a separate corridor dedicated to Omnicompetent lockers.

## CASE STUDY

The project successfully delivered:

- Brand new locker rooms for both male and female staff, featuring kit bag lockers, personal lockers, and integrated seating to maximize space and comfort.
- A dedicated room for Omni lockers, specifically designed for the secure storage of radios and other essential equipment.

## TITAN + TITAN PLUS

Titan 1.2 gauge, Titan Plus 1.5 gauge with strengthened pillars

# HEALTH SECTOR

NHS | Pharmacy | Dentistry | Hospitals & Clinics

# COVENTRY AND WARWICKSHIRE NHS TRUST

The brief was to supply a locker system to manage the flow of IT equipment around the different Trust locations, reducing the need for personnel meeting face-to-face and to provide a secure place where items could be deposited and / or collected.

## CASE STUDY

A great success, our SMART Lockers efficiently installed across six Coventry and Warwickshire NHS Trusts.

# OFFICE

# FORDS PACKAGING SYSTEMS

For their Head Office we manufactured and installed a series of bespoke, hygienic protective screens together with our brand-new Dual sit stand bench system. Using our innovative technology and working solutions, they have achieved the perfect working environment – designed to enhance employee wellbeing.

## CASE STUDY

**FORDS**  
Shaping the Future

## Testimonial

*We worked with Garran to provide our new desk and chair solutions. We knew we wanted sit/stand desks due to the many health benefits and Garran were superb in listening and understanding our requirements and sourcing a great solution for us. They provided CAD drawings based on our preferred new office layout and were happy to work with us and to tweak these layouts until we were entirely happy. The installation was very smooth and efficient and the new desks and chairs have really given the office a sleek and professional feel and people love the option of being able to customise the height and sit or stand as preferred. The communication with Garran was great throughout and I'd highly recommend them for any workspace requirements.*

**Gillian Plummer, Chief of Staff.**

# HOSPITALITY

# ROYAL AUTOMOBILE CLUB (RAC)

As a longstanding supplier to the Royal Automobile Club (RAC) in Pall Mall, Garran was approached by RAC and Fitzsimons to provide custom lockers for their members. The lockers needed to be simple in design but durable, aesthetically pleasing, and complementary to the historic building's décor.

## CASE STUDY

This project showcases Garran's ability to deliver high-quality, custom solutions under tight deadlines and specific requirements. The collaboration with Fitzsimons and meticulous planning with RAC and Virtus-Contracts ensured a successful outcome. The new lockers not only enhance the functionality for RAC members but also blend seamlessly with the prestigious environment of the historic building.

# SMART LOCKERS

## UNLOCK A THOUSAND POSSIBILITIES

Store personal belongings, distribute products, rent company resources and distribute packages with ease using our innovative locker management software.

All of which can be managed and accessed through a smartphone app or online portal.

# MERCEDES-BENZ & FIRST FACILITIES MANAGEMENT

**Streamlining Customer Service in the Auto-parts Division through Centralised Ordering and Locker System.**

CASE STUDY

Through the installation of the SMART Locking system, the Auto-parts division successfully addressed the challenge of on-site congestion and customer wait times by implementing a centralised ordering and locker system. The careful selection of the SMART Locking solution contributed to a discreet and efficient process, ensuring customer satisfaction. The division is well-positioned for further expansion and success in serving customers more effectively.

# BIRMINGHAM CHILDREN'S HOSPITAL

**Birmingham Children's Hospital (BCH) was impressed by the smart lockers installed at Coventry & Warwick Hospital and sought a similar, yet more sophisticated solution for their facility.**

## CASE STUDY

The project culminated in the successful installation of a sophisticated smart locker system at Birmingham Children's Hospital. The lockers, equipped with advanced smart lock functionalities, were tailored to meet the specific needs outlined by BCH. The inclusion of a custom vinyl wrap not only enhanced the visual appeal but also ensured the lockers seamlessly integrated with the hospital's aesthetic. Despite the complex requirements and the need for extensive collaboration, the project was completed smoothly, adhering to the agreed timeline and budget.

## EVENT LOCKERS

**HOTELS | CONCERT VENUES | EXHIBITION CENTRES  
| FESTIVALS | THE THEATRE | THEME PARKS |  
MUSEUMS | AIRPORTS | TRAIN STATIONS**

Elevate your event experience with our smart event locking solution. Not only does it offer unmatched convenience for your attendees, but it also delivers a significant return on investment.

Gain full control over your pricing strategies with our intuitive admin platform, allowing you to set and adjust parameters effortlessly.

### **Rent or reserve?**

You determine whether visitors can rent a locker on the spot, reserve a locker beforehand, or to have both options available. Through your admin portal you can easily set the parameters so that guests can reserve and / or pay for lockers in advance of their visit.

### **Access the locker**

Visitors don't have to download or install anything: QR code scanning, or simply operate their locker via your own locker website. Your guests only need an email address and a phone with an internet connection to be able to rent, open, close and seal their locker.

### **Easy locker use for your visitors, with QR code**

- 1. Simply scan the QR code: claim, reserve, open / close, leave, pay.**
- 2. Share the locker with someone by entering their email and click on the Share button**

## MODE LOCKERS

**OFFICE | EDUCATION | HEALTHCARE | LEISURE**

By providing a convenient and secure location to store personal items, our MODE SMART Lockers are perfect for the modern workspace, hospitals, gyms, schools and universities.

Our cloud-based software allows lockers to be managed centrally.

- Admins simply log in with their PC or laptop to manage and access lockers
- Integrate into existing systems / RFID cards

## ASSET MANAGEMENT

Have complete control over the distribution of company resources to your employees.

### Overview

- Pre-load the locker with assets
- Administrator issues receiver with access code
- Users can return the assets to the same locker by a certain date with a pre-set access code

The administrator will have complete visibility into locker inventories and be able to view both real-time and historical reports on resources used in the lockers.

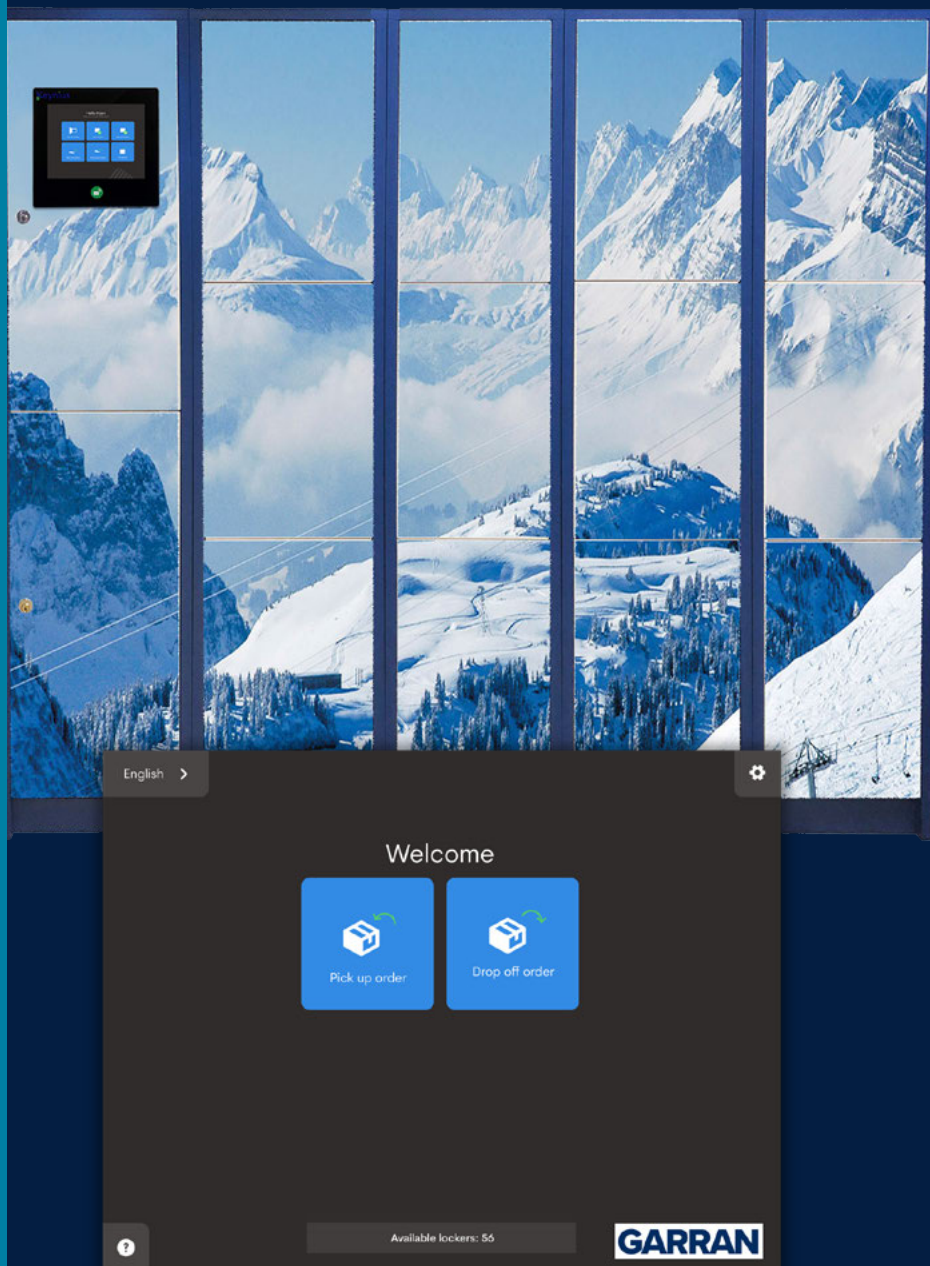

Lockers can be equipped with electrical outlets allowing users to immediately charge rechargeable devices ready for the next user.

## VENDING & RENTAL

- Sell or rent products, company resources or other items through a safe locker
- Optional temperature control function available
- Full control over use/users and locker inventory management

# ELEMENT SMART LOCKERS

## CLICK & COLLECT

- Perfect for distributing – receiving, sending, returning, of packages and other goods
- Track your assets and parcels with our innovative cloud-based management system
- Outdoor lockers available

# TESTIMONIALS

*“Lockers and Cloakroom equipment supplied and installed by Garran have been an important addition to the prestigious Sports facility at the University of South Wales. As the main contractor Kier Construction was very pleased with the design element, customer service and attention to detail.”*

## KIER CONSTRUCTION

*“Garran have been a pleasure to work with providing Pure Gym with excellent service, value, quality, exceptional communication and delivery skills. We are looking forward to developing our ongoing relationship with Garran.”*

## PURE GYM

*“We’ve never had the slightest problem since our lockers were fitted seven years ago. They look as great today as when we opened.”*

Alan Gilbert : Facilities Manager  
THE PETCHEY ACADEMY

*“We worked with Garran to provide our new desk and chair solutions. We knew we wanted sit/stand desks due to the many health benefits and Garran were superb in listening and understanding our requirements and sourcing a great solution for us. They provided CAD drawings based on our preferred new office layout and were happy to work with us and to tweak these layouts until we were entirely happy. The installation was very smooth and efficient and the new desks and chairs have really given the office a sleek and professional feel and people love the option of being able to customise the height and sit or stand as preferred. The communication with Garran was great throughout and I’d highly recommend them for any workspace requirements.”*

Gillian Plummer, Chief of Staff.

*“Garran lockers recently manufactured and installed bespoke lockers and changing room equipment at our new state of the art sports facility at the University of South Wales. We are extremely pleased with everything that Garran provided, the lockers look phenomenal and match the high quality specification that we required.”*

Steve Savage Sport & Business Development  
Manager UNIVERSITY OF SOUTH WALES

*Garran were chosen for the quality of their product & attractive finishes for an upgrade to the 6th Form Centre. The flexible range of locking systems was an added benefit. Garran provided a professional and helpful service from point of contact through to installation. The new lockers have been well received by students and have helped make a real difference.”*

Jonathan Crisp Director of Finance & Operations  
BROMLEY HIGH SCHOOL

*“We sourced Garran at Leisure Industry Week and could clearly see the quality. I thoroughly enjoyed working with the company and would certainly recommend them.”*

Anthony Woodhouse : General Manager  
RAMSIDE HALL HOTEL, GOLF & SPA

*“It has been a pleasure to work with the Garran Team, nothing was too much trouble, with the project delivered to a very high standard. I would thoroughly recommend to any leisure facility.”*

David Waite : Managing Director  
WELLINGBOROUGH GOLF CLUB

# LET'S WORK TOGETHER

As one of the UK's largest furniture manufacturers we supply a number of sectors including Retail, Leisure, Education, Office, Emergency Services, Healthcare to name a few – here are some of our clients:

# GREEN DESIGN

Good environmental practices go hand-in-hand with good product.

We endeavour to procure raw materials from environmentally accredited and sustainable sources from UK manufacturers and suppliers.

## OUR STANDARDS AND AWARDS. INSPIRING CONFIDENCE

# SUSTAINABILITY COMMITMENT

We are dedicated to creating a positive impact on the environment and fostering a sustainable future for generations to come. Our commitment to sustainability is an integral part of our mission and guides every aspect of our business.

## Our Goals at Garran:

1. Reduce Carbon Emissions
2. Promote Sustainable Practices
3. Engage Employees
4. Measure and Track Progress

# LOCKER TERMINOLOGY

## Locker Unit

A standard locker unit is best described as a column which houses individual locker compartments.

The individual locker compartments is called a TIER.

## Tier

The tier describes the number of compartments within the locker unit.

## Nest

The nest refers to the number of locker units that are grouped together to form a bank of lockers.

## Locker Tops

Lockers can be manufactured with a flat top or sloping top.
