

# GARRAN LOCKERS

## Datasheet | Classic Range

The Classic Range is our most popular range for use in internal locations offering a robust storage solution at a competitive price. The Classic Range can be supplied in a range of colours together with several differing locking options to meet your specific requirements.

### Specification

- ❖ Mild steel carcass & doors
- ❖ Spot-welded design
- ❖ Locker doors fitted with rear vertical stiffener for added strength
- ❖ Available with an integral sloping top
- ❖ Unique one-piece base system includes 'skid rails' to slightly raise base of locker off the floor

### Dimensions

All lockers 1800mm high as standard (flat-top)

#### Single Tier

- ❖ Width increasing in 75mm increments from 225mm up to 600mm
- ❖ Depth increasing in 75mm increments from 300mm up to 600mm

#### Two - Six Tier

- ❖ Width increasing in 75mm increments from 225mm up to 450mm
- ❖ Depth increasing in 75mm increments from 300mm up to 450mm

#### Eight & Ten Tier
