NETWORK LOCKING SYSTEM & MANAGEMENT SOFTWARE

LOCK SPECIFICATION

- Red and green LED easily confirms locker availability
- Lockers can be opened remotely using the connected software
- Operating modes: free locker, personal, reserve, dynamic, time limited and shared
- Exceptional reliability and excellent security
- In most cases your current RFID & NFC cards can be integrated. Alternatively new RFID & NFC enabled cards and wristbands can be supplied.
- Wired system, no batteries to replace
- Mechanical components are inside preventing vandalism
- Audio / visual alarm

LOCK OPTIONAL EXTRA

- USB Charging
- LED Light

SOFTWARE SPECIFICATION

- Monitored burglary protection
- Adjustable, automatic opening function for cleaning or overnight security purposes
- Manage all lockers from one device
- Configuration of the locker system via the web interface, operators can monitor the occupancy in real time
- Create master keys which only operate in specific areas
- Reports can provide knowledge of how locker resources are used
- Browser based software can provide separate occupancy data for individual areas
- Also available in 'stand alone mode' where call functionality is not initially required

PUSH BUTTON, BATTERY LOCKING

- Status is displayed directly on the locker (button position plus multi colour LED ring)
- Mechanical locking mechanism with a motorised lock catch for maximum reliability
- Operating modes: free, personal, or time limited
- Optional wireless communication
- Mobile APP for configurations and analytics
- 150 log of usage, event log stores previous 150 users

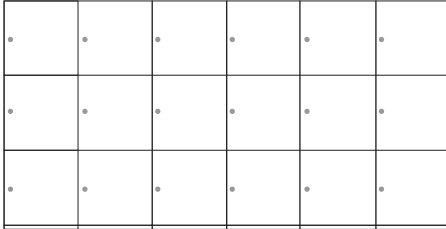

SIDE / BATTERY LOCKING

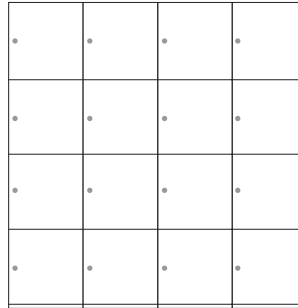

- Battery life of up to 10 years
- Single lithium battery
- Red and green LED easily confirms locker availability
- Operating modes: free, personal, or time limited
- The locking mechanism detects break-ins and will trigger an audible and visual alarm
- Mechanical components are inside, preventing vandalism
- 150 log of usage, event log stores previous 150 users
- Motor driven locking / unlocking ensures exceptional reliability
